## Brand Book

**Published by authority of the Minister of  
Agriculture for the Province of Alberta  
and the Commissioner of Agriculture  
for the Province  
of Saskatchewan.**

**Revised and corrected to  
January 1st, 1907.**

## PREFACE.

This Brand Book is compiled from the Records in the Brand Recorder's Office at Medicine Hat. While the greatest possible care has been taken to ensure accuracy, it is quite possible, where so many thousand brands are involved, that mistakes have occurred. Where such are found, the Recorder will be glad to have them pointed out for correction in next year's supplement. It must be borne in mind, however, that a brand cannot be altered in the body of the Brand Book unless it is first changed on the records.

Owing to the manner in which the older series of brands were prepared and entered upon the records, it has not been found possible to arrange these alphabetically. For instance, the series B B and numerals will all be found under the letter B, although it may read 2 B B or 0 B B, while the single letter and numeral series with bar or other design, although reading—5 C or  $\hat{6}C$  will be found under the letter C.

JAMES WILSON,

Recorder of Brands.

# Fleming's Lump Jaw Cure

**Fleming's  
Vest Pocket  
Veterinary Adviser**

This book contains useful information upon 120 Veterinary subjects. Especially valuable if you have a case of Fistula or Poll Evil to treat, or if you have a horse with Ringbone, Bone Spavin or any kind of lamming blemish.

**FREE**  
if you write  
for it.

**Sold for Ten Years under a Positive  
Guarantee.**

The Northwest is the original home of Fleming's Lump Jaw Cure. It was there that the experiments leading to its discovery were conducted, and from there its fame has spread over the entire North American continent. Stockmen who used it ten years ago are using it to-day, and some have reported curing more than a hundred cases without a single failure.

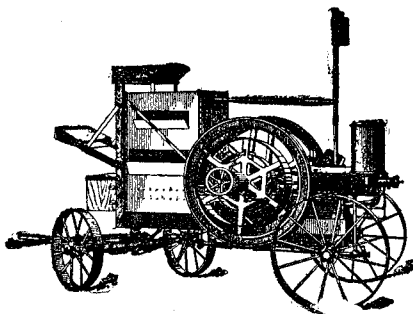

Fleming's Lump Jaw Cure is not an experiment, but a demonstrated success. Your money refunded if it ever fails.

**At Druggists or by Mail, \$2.00**

**FLEMING BROS., Chemists,

## INTERNATIONAL HARVESTER COMPANY PORTABLE GASOLINE ENGINES.

They are power producers which do not require an engineer nor constant attendance to keep them running from morn till night. Being thoroughly well built throughout, durability is one of their strong points. The fuel consumption is very low so that the cost to operate them is the minimum. If you are in need of power for pumping water or driving machinery of any kind, you will be interested in them.

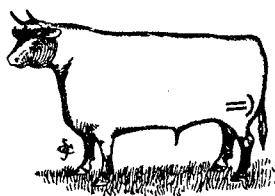

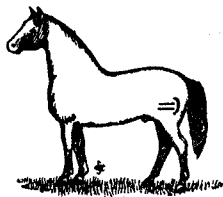

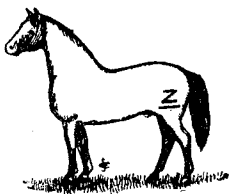

The small vertical engines are built in 2 and 3 h.p. sizes, and the horizontal stationary and portable in 4, 6, 8, 10, 12, 15 and 20 h.p. sizes.

*Our Local Agents will give demonstration, or write for Illustrated  
Descriptive Catalog and Beautiful Lithographed Hanger.*

## SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

**A**NY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,

Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

# HALF - TONES

are the most perfect as well as the most economical means of reproducing photographs in print. This kind of engraving is made in several degrees of fineness of screen to accommodate the half-tone to rough and smooth paper, smooth surface paper, and fine-screen half-tones—if made as **The Stovel Company** make them—produce the most perfect results.

The difference in the quality of half-tones is greater than the difference in quality of photographs. You would not employ an unskilled photographer to make your photos. You should employ **The Stovel Company** to reproduce them.

Let us know the quality of paper you print on in ordering half-tones.
